Scott Hocking

This guy has to be one of the greatest artists ever....That is just my opinion!
When I was a senior in high school (Detroit H.S. for the Fine and Performing Arts. 2002), my class visited Scott at his studio and we worked with him directly on a found objects project that was inspired by his Installation piece titled [Relics with Clinton Snider](#).

He also does these dope photo collages where he stands in one spot and rotates his camera while snapping pictures...then put them together...
